

**17<sup>th</sup> IEEE International Multi-Conference on  
Systems, Signals & Devices “SSD2020”**  
March 23-26, 2020, Monastir, Tunisia

## **The Philadelphia University Prize**

### **1. Overview:**

The Philadelphia University Prize aims to encourage researchers participating in the International Multi-Conference on Systems, Signals and Devices (SSD) to provide applied scientific research through the use of modern technology to serve the community and shape a better world.

### **2. Research Areas:**

- Renewable Energy
- Communications and Information Technology
- Robotics and Automation
- Advanced Manufacturing
- Smart Society

### **3. Requirements:**

- At least one member of the research team must be from the region.
- Applied research should focus on the development of technologies and / or services and have a clear impact on society.
- Competitors need to submit an initial application for the purpose of evaluating relevant research when to be presented at the Conference.
